

VIA FORM 99

April 27, 2010

Allen Norfleet,
Senior Campaign Finance Analyst
Reports Analysis Division
Federal Election Commission
Washington, DC

RE: Your Letter of April 23, 2010

Dear Mr. Norfleet:

I have taken action today to try to fix the errors you wrote about in the above referenced letter. I fixed error #1, which appears to be due to a typing error on my part. Unfortunately, your instructions on error number 2 are unclear. Why do the totals in the listed lines appear to be incorrect? What would you like me to do about changing them? As far as I can tell, they look correct to me.

I tried to upload the amended report but I got an error message that said "BADFORMAT". I do not know what this means. I have submitted other reports, included an amended first quarter 2010 report and there were no problems. If you did not receive my amended year end report due to this letter, please let me know. I would be happy to mail it to you.

Mr. Norfleet, I am a volunteer treasurer and I am doing my utmost to comply with the FEC reporting requirements. I moved us to electronic filing and, as far as I know, I am the first treasurer of our COPE fund to do this. When I call the FEC, the people on the phone are very helpful and that help is much appreciated. However, this software is terrible and any errors that I have made on these reports are most likely due to difficulty using the software. Thus, if there is any way you could provide additional assistance, particularly in the letters you send out telling us the report is wrong, I'd appreciate it.

I'm honestly doing the best I can here.

Sincerely,

Sam Lieberman
Treasurer
AFTSU COPE
